50 CENTS PER MONTH

NEW JERSEY LINES UP IN ROOSEVELT MARCH

GIVES ROOSEVELT MAGNIFICENT VICTORY

Indications Now Are That En-
tire State Delegation Won
by Roosevelt

TAFT CONFIDENT OF THE NATIONAL COMMITTEE

Bases Hope on T. R. Contests
Being Thrown Out--Com-
mittee Ready for Business

NEW YORK, May 29.—
Theodore Roosevelt trium-
phantly carried the New Jersey
presidential primaries yester-
day, probably winning every
delegate to the National Re-
publican convention, leaving
President Taft out in the cold.

ENTIRE 28 DELEGATES
CAPTURED BY ROOSEVELT
TRENTON, N. J., May 29.—Returns
at 9 o'clock this morning indicate
that Co. Roosevelt carried every Con-
gressional district, getting all of New
Jersey's twenty-eight delegates.
Roosevelt's plurality is about 20,000.
Woodrow Wilson gets twenty-four
in twenty-eight democratic delegates.

ROOSEVELT GRINS AND SAYS HE HAS SAID ALL THERE IS TO SAY

OYSTER BAY, May 29.—Roosevelt
wore an expansive grin today when
referring to New Jersey re-
sults, he said: "I have nothing more
to say. I believe I have already said
everything that could be said now."
When asked how soon after his
nomination he expects to begin his
campaign, he grinned widely, and re-
fused to reply.

TAFT LOOKS CONFIDENTLY
TO UNSEAT T. R. DELEGATES
WASHINGTON, May 29.—No state-
ment was issued today by the White
House regarding the New Jersey
primaries. President Taft is reported
as confident the Republican National
Committee will unseat Roosevelt
contesting delegates. White House
visitors say the President took the
New Jersey result cheerfully. Senator
Crane held a long conference with
him this afternoon.

POLLS OPENED AT 1, CLOSED
AT 5-50 PER CENT VOTE
NEW YORK, May 29.—About fifty
per cent of the registered Republican
vote of the state was cast at the
primaries, the polls for which opened
at 1 p. m. and closed at 9 p. m.

On the Democratic side only one-
third of the registered vote was cast,
and the interest was very much less
keen than in the Republican contest,
because Woodrow Wilson was unop-
posed by any other candidate for the
nomination.

LA FOLLETTE AFTER S. DAK.
DELEGATES--SEVERIDGE ALSO
--TAFT WANTED BY FORCES
PIERRE, S. D., May 29.—Senator
La Follette is here tonight to begin
a campaign for the winning of South
Dakota delegates. Ex-Senator Ber-
veridge is campaigning for Col. Roose-
velt. Both the Roosevelt and La
Follette forces claim the victory will
be theirs. It is reported this after-
noon that the Taft leaders will ask
the President to come personally to
take a hand in the campaign.

COLORADO PROGRESSIVE
CLAIMS FRAUD IN
STATE CONVENTION
DENVER, May 29.—Insisting that
the Evans-Guggenheim machine con-
trolled the Colorado Republican con-
vention through the Denver delega-
tion which he claims were fraudulent-
ly elected, E. P. Costigan of the pro-
gressive Republican organization, tele-
graphed today Chairman McDonald
of the State Republican Committee,
demanding that the convention recon-
vene. The progressive believes that
Roosevelt yet has a chance to carry
the state.

DELUGE OF CONTESTS ARE
EXPECTED BY COMMITTEE
CHICAGO, May 29.—A deluge of
contests is expected to pour upon the
Republican National Committee fol-
lowing the announcement that con-
tests would not be considered unless
mailed or delivered to the committee.
Chairman Harry New today opened
general headquarters in the coliseum,
although temporary quarters had been
open for several days.

ESTIMATES OF CONVENTION STRENGTH BY CANDIDATES

WASHINGTON, May 29.—The var-
ious campaign managers today make
the following claims:
Total number of Republican dele-
gates to be in convention 1,078; nec-
essary to choice, 579. Taft claims
567; Roosevelt claims 567; Roose-
velt concedes Taft 185; Taft concedes
Roosevelt 423. Instructed: La Fol-
lette, 36; Cummins, 10. Taft dele-
gates contested, 182; Roosevelt dele-
gates contested, 122.
Democratic delegates to be in con-
vention, 1092; necessary to choice,
728. Clark claims 431; Wilson claims
353. Wilson concedes Clark 266;
Clark concedes Wilson 160. Claimed
for Harmon, 42; Underwood, 22;
Marshall, 30; instructed for Foss,
36; Baldwin, 14; Burke, 10. Unin-
structed delegates, 122.

Bulletins of News

Hot from the wire up to 9:30 p. m.

THE WEATHER

Fair tonight and Thursday;
light northwest winds.

53-Acre Walnut
Grove Sells for \$45,000
CARPINTERIA, May 29.—Dr. C.
G. Park has sold his 53-acre holding
in Carpinteria to Sidney S. Van Dyke
of Joliet, Ill. It is understood the
sale price was in the neighborhood of
\$45,000.
This is considered one of the fine
holdings in the Carpinteria Valley,
nearly the entire tract being devoted
to walnuts. Dr. Park purchased it a
couple of years ago from Alfred Ed-
wards.

San Bernardino
Has New Opera House Company
SAN BERNARDINO, May 29.—The
San Bernardino Opera House Com-
pany, with an authorized capital of
\$53,000, was partially organized at a
meeting of the stockholders, when
the directors were selected and the
incorporation papers prepared for for-
warding to the secretary of state.

Convention Rates
Announced by Railways
LOS ANGELES, May 29.—The Salt
Lake route the Santa Fe railroad and
the Southern Pacific announced the
regular excursion rates on account of
the Republican national convention at
Chicago, June 18, and the Demo-
cratic National convention at Balti-
more June 25.

Long Beach Wins Fight
For Universal P. E. Transfers
LONG BEACH, May 29.—The Cham-
ber of Commerce, represented by
Attorney L. N. Whelan, scored
against the Pacific Electric system
in carrying to its first reading Mon-
day night before the City Council,
against a determined effort to table
it, the chamber's proposed ordinance
calling for five-cent fares, and univer-
sal transfers over all lines of the Pa-
cific Electric within the city limits.

U. S. Protects Camp
Resorts From Forest Fires
POMONA, May 29.—Forest rangers
are putting the fire-breaks along the
Sierra Madre range into shape prior
to the opening of the summer camp-
ing season. All brush along the
trails is being burned away, and
every precaution will be taken to avoid
the disastrous fires such as occurred
last season.

London Papers Sarcastic
Over Smith's Titanic Speech
LONDON, May 29.—Broadside sar-
casm was flung at Senator Smith's Ti-
tanic speech by the London papers.
The Standard refers to the report as
"rhetorical floundering, filled with
wild verbiage, and reckless denun-
ciations."

Quadrilateral Methodist
Conference Adjourns Sine Die
MINNEAPOLIS, Minn., May 29.—
The quadrilateral general conference
of Methodists adjourned this after-
noon sine die after one month's ses-
sion.

Raker Aspects 1500 Japs
Added to U. S. Every Year
WASHINGTON, May 29.—Declaring
that the Japanese population in Amer-
ica is increasing 1500 annually, Re-
presentative Raker (Calif.) urged the
House Immigration Committee to re-
port soon on the bill excluding Asiatic
laborers.

Refugees Are
Not All Desperate, Says Wireless
SAN DIEGO, May 29.—A wireless
from the transport Buford, bearing
American refugees from the west
coast of Mexico informs Mayor Wad-
ham that not all the refugees are de-
stitute as reported. Several need im-
mediate work, but the majority do not
require assistance. All are to be quar-
tered in army barracks temporarily.

Cold Wave Succeeds
Heat in Windy City
CHICAGO, May 29.—The hot wave
has been succeeded by the most in-
tense cold of recent years for this
season of the year. A bitter wind is
blowing off the lake. Overcoats and
furnaces are busy. All ball games
have been postponed.

SIGNS PETITION FOR PAVING STREET OF TRAINMEN PENDING

School Board Favors Placing
Asphaltic Improvement on
Bush to Tenth

HOPE TO INTEREST LOCAL CAPITALISTS

Nightwatchman Placed at the
High School to See the
School Year Out

The city board of education last
night voted to sign a petition for the
paving of Bush street between Ninth
and Tenth streets, with the same kind
of asphaltic pavement proposed to be
used on Bush street between Fifth
and Eighth streets.

The petition for the paving of the
portion of Bush street between Fifth
and Eighth was granted by the City
Trustees last week. Since then there
has been some talk of extending the
work northward to Washington ave-
nue. Whether or not an effort will be
made to get the pavement to Wash-
ington avenue depends largely on
whether or not the block between
Ninth and Tenth is paved.

The situation was explained to the
school board at its meeting last night.
Dr. Reynolds being the speaker. The
school board voted to sign the peti-
tion. This signature counts for half
of the frontage on the block, the high
school grounds fronting on the west
side of the street.

Discusses Bonds
The school board last night discus-
sed the advisability of urging the lo-
cal banks and capitalists to take the
\$25,000 issue of the grammar school.
Wm. R. Staats Company has agreed to
say before next Tuesday whether or
not it will take the bonds. In case
that firm declines it was thought pos-
sible to insure the sale by securing
the co-operation of local people. The
board is anxious to complete the new
grammar school, which is to be built
at the corner of Broadway and Fair-
view, in time for the opening of the
schools in September.

Put on Nightwatch
The board instructed City Superin-
tendent of Schools Cranston to em-
ploy a nightwatchman for the high
school to serve from now until school
closes on June 14. It is the experi-
ence of most schools that during the
last week or two of school there is
an unusual tendency of some of the
students toward pranks and depreda-
tions, and the school board here ex-
pects to curb that tendency this year.

LINERS MEET IN DENSE FOG

Berwind Rams Hudson Off
Robins Reef--Wireless Cal-
led Aid--Passengers Saved

NEW YORK, May 29.—Colliding in
a dense fog the New York-Porto Rico
line steamer Berwind today rammed
the French liner Hudson off Robins
Reef. The Hudson, carrying eighty-
three passengers, was rushing to New
York at full speed when the liners
collided.

Other vessels summoned by wire-
less, towed the Hudson to Brooklyn
where the passengers were transferred
to tugs. The Berwind, badly dam-
aged, was towed to Erie basin. Each
captain blames the other.

CONGRESS PLANS TO ADJOURN ON JUNE 15

WASHINGTON, May 29.—Pros-
pects of an early adjournment of Con-
gress, probably on June 15th, was
brightened today following the infor-
mal discussion of the situation by
several leaders. Few speeches are
expected on the Lorimer matter, and
an early vote on that and the Senate
tariff bills is expected. Underwood
admitted it would be easy to adjourn
on June 15.

AUTOMOBILE CLUB WILL MEET TONIGHT

There is to be a meeting of the
Santa Ana Automobile Club at the
city hall tonight for the purpose of
making some changes in the by-laws,
and otherwise re-organizing the club.

Labor Leaders Declare All Big
American Roads Will be
Involved

UNION FEDERATION OF FEDERATIONS LEADS

Heads of Railroads Have Been
in Conference For Past Week
Over the Situation

SACRAMENTO, May 29.—
That a general strike of all the
trainmen employed on the
largest American roads is im-
pending, was the declaration
today of prominent labor lead-
ers. The movement is fostered
by the Federation of Federa-
tions, a new union organiza-
tion.

From the same source it is
stated that President Sproule
and General Manager Calvin
of the Southern Pacific, with
heads of other roads, have
been in conference in New
York for the last week discus-
sing the best means of meet-
ing the situation.

It is stated that the Federa-
tion men voted to strike by an
85 per cent ballot, which is
not yet completed. Final action
is predicted within one month.

PRES. GOMEZ NOW ACCUSED

Gen. Mendieta Intimates That
Revolt is Fomented by
Cuban Executive

HAVANA, May 29.—General Men-
dieta, commanding the federals at
Oriente Province, intimated today
that President Gomez had fomented
the negro revolution. He declares the
President refused to permit him to
attack the rebels. He threatens to
resign. The rebels today sacked the
town of San Ramon de los Vigas, de-
stroying much property.

Prairie at Guantanamo
WASHINGTON, May 29.—The
transport Prairie carrying 775 marines
has reached Guantanamo according to
navy department dispatches. The de-
partment is preparing to send marines
to the province of Oriente where Amer-
ican property is endangered. Gen.
Estenozo's rebels are hourly reported
as more menacing.

CUBAN TROOPS TO SHOW NO MERCY TO NEGROES

HAVANA, May 29.—Under orders
to show no mercy, two thousand gov-
ernment troops were sent yesterday
to Oriente province where the negro
revolutionists are rioting. The troops
were dispatched immediately follow-
ing the announcement that the ne-
groes had looted the American Fide-
lity company's plantation near Guan-
tanamo and had burned the ware-
houses.

Texas Loyal to Wilson
HOUSTON, Tex., May 29.—The
Texas Democratic convention today
instructed the entire forty delegates
to vote for Woodrow Wilson as long
as his name should be before the Na-
tional Democratic convention.

WILBUR WRIGHT BETTER IN NIGHT BUT SMALL HOPE OF RECOVERY

DAYTON, May 29.—Although
Wilbur Wright was slightly
improved this morning it is be-
lieved there is no hope for his
recovery. Dr. Conklin has is-
sued the following bulletin:
"Wright's fever remains high
but there is a slight improve-
ment. However, it seems im-
possible as if he could survive
many hours, unless there is a
pronounced change for the bet-
ter."

The Blue and the Gray

(G. B. OWENS)

On a summer's morn, under a glittering sun,
On a battle field where blood had run,
Two soldiers stood with gray heads bare,
No feeling of North and South was there.
And they recalled the days of '63—
Under gallant commanders, such as Grant and Lee;
Of the heroic bravery and the daring deeds
Of the men on foot, and fiery steeds;
How they charged the enemy with bayonets set;
In the jaws of death these soldiers met.
And with unerring aim their bullets sped
And left on the field either wounded or dead—
Fathers or sons, God alone knows which,
Together they sleep in a six foot ditch
With a stone at the foot and one at the head,
And are known by numbers, these gallant dead.
But they'll answer the roll-call on Judgment Day
And together they'll mingle, the blue and the gray,
Where they are known not by number or name,
In the great beyond, they are all the same.
* * * * *

These soldiers soon crossed the Great Divide,
Now they sleep together, side by side.
For they were brothers, staunch and true,
One wore the gray, the other, the blue.

Decoration of Graves To Occur in Morning

Memorial Day is to be observed in
Santa Ana tomorrow by the citizens
generally. The Merchants & Manu-
facturers Association has asked its
members to close their doors for the
day, and a large proportion of the
merchants expect to observe the re-
quest.
As has always been the custom
here scores of people will go to the
cemetery to place flowers upon the
graves of their loved ones.
The members of the G. A. R. and
the affiliated societies are to deco-
rate the graves of the Union soldiers
who have died and are buried here.
The usual ceremonies and deco-
ration of the monument are to be fol-
lowed out at the spot set apart in
memory of the unknown dead.
The G. A. R. exercises will occur
at 9:30 o'clock. In the afternoon will
be held at the Grand Opera House
at 2:30 o'clock. The oration is to be
delivered by Freeman H. Bloodgood
of Inglewood.

FIFTY-TWO WILL GRADUATE FROM HIGH SCHOOL WEEK OF JUNE 9th

Graduating exercises of the 1912 Grand Opera House. The play select-
class of the Santa Ana High School is Shakespeare's "Midsummer
Night's Dream," and preparations are
being made for an elaborate per-
formance June 9. On that date, Sunday evening, the baccalaureate sermon
will be preached at the Grand Opera House. The principal address of the
of the First Christian church. The ex-convict will be delivered by Prof. J.
ercises, which will begin at 7:30, will A. Cranston, Superintendent of City
be in the nature of a union service. Schools. Diplomats are to be delivered
and all the churches of the city are to fifty-two graduates.
invited to take part.
Wednesday evening, June 12, the schools of the city are to be held
annual class play will be given at the on Thursday, June 13.

RATE REGULATION ORDINANCE CARRIED IN LOS ANGELES

LOS ANGELES, May 29.—In the
first initiative and referendum elec-
tion held in Los Angeles yesterday,
returns are sufficiently in to assure
the success of the harbor land ex-
change and the rate regulation or-
dinances and the defeat of the city
hall, tuberculosis test and harbor bo-
levard propositions. The only one
on which the vote is close is the prop-
osition to increase the membership
of the aqueduct investigating board,
and the indications are that has been
carried by a small majority.
As there were no opposing nomi-
nations to the board of fifteen free-
holders, it was a foregone conclu-
sion that they would be elected. The
list is as follows:
H. Stanley Benedict, F. W. Braun-
ton, H. W. Brundage, William F. Bryant,
H. H. Cotton, John R. Haynes, W. G.
Hutchinson, Meyer Lissner, Charles
Edwin Locke, C. A. Parmelee, C. C.
Reynolds, Joseph Scott, Charles Well-
born, Fred C. Wheeler and Lewis R.
Works.
For the special election, and con-
sidering the fact that this was the
second election held within two
weeks, the vote was large. The re-
turns so far indicate a total vote in
the city of about 30,000, which is only
about 1000 less than that cast at the
presidential primary election on May
14.

Martin Flies Into Town For Reception Tonight

Glenn Martin arrived in the city by
aeroplane at 2 o'clock this afternoon
to attend the public reception to be
tendered him at the Opera House this
evening.

Martin flew up from Balboa in ten
minutes in his aeroplane, having first
detached the pontoon. He made a cir-
cuit over the city before landing, fly-
ing low and attracting the admiring
gaze of thousands of residents. He
made a successful landing on the va-
cant land on South Birch street, near
First.

This evening at the Grand Opera
House Martin will be honored by the
residents of Santa Ana, who feel that
he has brought honor on the town,
but who love him not so much for
that fact as for his splendid achieve-
ments in the face of difficulty, and for
his manly and charming personality.
The program will be largely of an in-
formal nature. There will be music
and a few speeches, including the
presentation to Martin of the hand-
some medal provided by the Mer-
chants and Manufacturers' Associa-
tion and the Chamber of Commerce.
Following the formal program all
present will be given an opportunity
to shake hands with the Santa Ana
boy who has become world-famous, and closes tonight.

Detroit Next City
For Baptist Convention
DES MOINES, Ia., May 29.—Detroit
won from Denver for the next con-
vention of the North Baptist Church. The
Des Moines convention was attended
by nearly fifteen hundred delegates,
boy who has become world-famous, and closes tonight.

STATE MAY BE ASKED TO AID

Special Legislative Session
Request Considered by
San Diegans

EFFICIENCY OF POLICE ONLY CAN AVERT ACTION

Webb Expected to Begin Probe
Tomorrow—Los Angeles
Probe Resumes

SAN DIEGO, May 29.—Agitation was
started today for special state legisla-
tion to cope with the industrial activi-
ties here. It is rumored that San
these citizens may petition Governor
Johnson to call a special legislative
session unless the police prove very
quickly that they are able to control
the situation. Attorney General Webb
refused to state what recommendation
he would make in this event.

Webb Had Planned Action
SAN DIEGO, May 29.—Attorney-
General Webb announced that he
has completed his preliminary work
today, and tomorrow will begin to
prepare specific cases for the consid-
eration of a special grand jury which
will assemble next week to probe I.
W. W. matters. It is stated that the
Attorney-General will give the Indus-
trialist attorneys a hearing before he
takes definite action.

GRAND JURY PROBE OF I. W. W.
RESUMED IN LOS ANGELES
LOS ANGELES, May 29.—The
grand jury investigation of the
actions of the Industrial Workers of
the World was resumed this afternoon.
A dozen supposed witnesses from San
Diego arrived at noon, and were escorted
to the jury room. Assistant Fed-
eral District Attorney Dudley Robin-
son, in charge of the probe, refused
comment as to whether the report of
alleged attempts on the lives of sev-
eral San Diego officials would be
touched on today.

DEATH HALTS DARROW CASE

Bereavement in Family of De-
fense Counsel--Franklin
Gives Bribery Details

LOS ANGELES, May 29.—Because
of death in the family of Horace Ap-
pel, associate defense counsel, it was
decided to adjourn the court trying
Clarence Darrow, at noon today. To-
morrow is a legal holiday, so the case
will go over till Friday morning. Bert
Franklin, alleged bribe giver, resumed
the stand today.

Franklin was called unexpectedly
to the stand yesterday afternoon. He
declared under oath that Darrow talk-
ed with him as to the bribery of ju-
rors several times; made arrange-
ments that \$4000 should be given each
juror for a corrupt vote of acquittal,
with \$1000 to Franklin for each such
juror, and that in accordance with
such agreement, Franklin received
\$1000 for securing Robert F. Bain, a
permanent juror in the McNamara
case, using part of that sum as first
payment to Bain.

DARROW UNMOVED DURING
FRANKLIN'S STORY OF BRIBES
LOS ANGELES, May 29.—Bert
Franklin, the detective formerly em-
ployed by the McNamara defense,
swore on the witness stand today
that Darrow authorized his action and
furnished the money to bribe Jurymen
Bain, Darrow said, unmoved while
Franklin related his story. His wife
frequently patted his hair and placed
her arm about his shoulders. Franklin
testified throughout the morning ses-
sion after which court adjourned un-
til Friday.

Under questioning, Franklin de-
scribed his conversation with Juror
Bain and Mrs. Bain, regarding the
bribe. He said he reported progress to
Darrow. "What did Darrow say?" was
the next question. He replied, "Ask-
ed me if I thought Bain would stick."
"Told him 'sure he would.'" "What did
he say then?" asked the prosecutor.
"He said 'that's good.'"

Regarding the Lockwood matter,
Franklin testified that he told Dar-
row he was personally acquainted
with Lockwood and believed even if
Lockwood would not accept the bribe
that he'd keep still. He testified that
Darrow specifically instructed him to
approach Lockwood with bribe offer.

FIVE ACTIONS ARE DROPPED

Settlement Reached For Neeley
Four Other Plaintiffs Get Nothing

Dismissals were entered today in five damage suits brought by ranchers against the Pacific Electric. These suits grew out of the overflow of the Santa Ana river on January 1, 1910. But one of the five cases was tried, that in which E. L. House was plaintiff, and that case on second trial resulted in a verdict for the railway. The first trial brought a disagreement of the jury.

The five plaintiffs were E. L. House, Santa Jersey Farm, Allen McDowell, Chrys Onisha and Perry Neeley. The first four cases involved much the same set of facts, and to that extent the judgment in the House case applied to the Jersey Farm, McDowell and Onisha cases. These plaintiffs asked for damages on the ground that the Pacific Electric was responsible for the overflow in that its bridge caught debris, turned the

10,000 BARRELS A DAY IS ESTIMATE OF OUTPUT BIG GUSHER CAME YESTERDAY

FULLERTON, May 29.—What is believed to be the biggest gusher ever brought in to the south of Los Angeles in the Fullerton fields, brought in yesterday morning in well No. 10 of the Amalgamated Oil Company, and from reports received last night was flowing at the rate of 10,000 barrels a day.

The gas pressure, which was very heavy when the well came in, forced the tools out of the hole and scattered them about, and then, with a terrific roar, the oil came shooting out, knocking parts of the derrick down and scattering heavy timbers in every direction.

The gusher was brought in at a depth of less than 1400 feet, the drill entering what was believed to be a stray formation of about 1300 feet less than ten days ago. A heavy gas pressure developed and the drilling crews prepared for emergency in case the stray formation developed anything out of the ordinary. A sump was also constructed near the well and this sump is now caring for the oil that is being belched out of the hole.

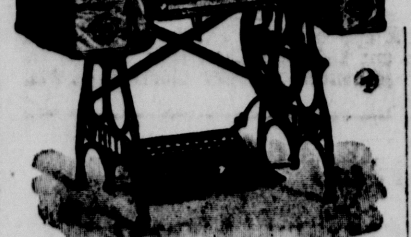

To bring in a gusher at less than 1400 feet is something entirely new in the Fullerton field, all the other Amalgamated wells there were water out of the channel, caused it to flow across West Fifth street and down upon the lands of the plaintiffs.

The McDowell jury refused damages. The dismissals were requested by Scarborough & Forsy for the plaintiffs. J. W. McKinley of Los Angeles and Williams & Rulan of Santa Ana represented the defendant.

In the Perry Neeley case a settlement was reached, and he only received damages. Neeley's case was different from the others. His property was further down the river, and his case was based upon the assertion that his lands were flooded because of an embankment put up by the railway. The settlement was reached out of court, and the dismissal was entered today as in the other cases.

Articles Filed
Articles of incorporation were filed today by the Anaheim Masonic Temple Association, capitalized for \$50,000. As shown by the name of the association, its object is to erect a Masonic temple. The directors are William Falkenstein, Charles H. Eygabroad, Joseph Helmsen, J. F. Walker and August Nagel, all of Anaheim.

WANT REWARD FOR M'DONALD

Nothing Heard by Officers of the Whereabouts of Former School Principal

As yet no word has been received by the officers as to the whereabouts of R. C. Macdonald, former school principal, wanted here on a felony charge. Descriptions and photographs of the man have been sent out over the state with the request that a close watch be kept for the man.

It is more than probable that the Board of Supervisors will be asked to offer a reward of \$100 for the arrest of Macdonald, in case he is not arrested before the board meets next Tuesday.

The last heard of Macdonald was on Friday when he was in Los Angeles. He had applied to the Fiske Teachers' Agency for a position, saying he preferred one in the northern part of the state.

TO OWN WATER SYSTEM

REDLANDS, May 29.—In the hardest fought election ever held here, and with the largest vote ever cast in the city, the municipal water bonds were voted yesterday, five to one. The vote in favor of the bonds was 2016, with 436 against. The election authorizes the bonding of the city for \$600,000 for the acquisition of a municipal water system.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. R. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help. I had almost lost my reason, but thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time tested woman's remedy soon show themselves in many different ways.

Try it.

\$29,585.25

O. E. MANSUR, Secretary.

The Superintendent's report was read and ordered filed as follows:

Superintendent's Report
Orange, Cal., May 25, 1912.

To the Board of Directors of the S. A. V. I. Co.:

Gentlemen:—Work done during the month is as follows:

On the petition of H. T. Moenich et al., have laid 1,700 feet of 12-inch pipe and put in four delivery gates, thus completing all work on said petition, and would recommend same to be accepted by the company.

Have excavated 1,900 feet of ditch on reinforced concrete pipe line, connected same with ditch B, and filled in on the entire line.

At the Fields ranch, have put up two corrugated iron houses, 32x30 and 16x24 feet, with cement foundations. Have irrigated and plowed orchard and set out 183 Valencia orange trees.

To the Land Buyer

We have Potato, Alfalfa and Citrus Fruit Lands with cheap water in a gravity system which we can sell you as low as \$25.00 per acre, that for location, quality of soil, water conditions and price has no equal in all California.

Why buy land in an undeveloped section when you can buy for the same price or less where you are surrounded by all conveniences such as transportation, towns, schools, churches, etc., right in the heart of high class development land that has been producing and you can see what the production is.

We have opened a 640 acre subdivision just two hours from Los Angeles, one mile from Riverside Electric line, 'The Ocean to Ocean Highway' has been located along the line

of our land. It is all level. Underground cement pipes to each subdivision of 10 or 20 acres. You can go right on this land, turn on the water and plant a crop.

If you will let us show you this land you can see 640 acres of as fine potatoes now growing as you ever saw and we think you will be convinced that one year's crop will pay for the land. Then if you like, you can plant to oranges or lemons at your leisure, as it is surrounded by young groves and bearing orchards as fine as any in California.

This land at the price we are offering it will sell quick. You can save money by dealing direct with the owners. J. F. Balliet and A. M. Jones, 505 Fay Bldg., Los Angeles, Cal. Home Phone A1311, Sunset Main 1192.

SANTA ANA VALLEY REGISTER, WEDNESDAY EVENING, MAY 23, 1912. SAN JACINTO'S NEW WATER DISCOVERY A WONDER

The recent Water Discovery and Development at the foot of Mt. San Jacinto attracts outside attention. Engineers and Water Experts of three states seek data on Citizens Water Company's model plan of development. Conditions are pronounced exceptional, and system ideal, with phenomenal possibilities for further development.

Many new and interesting theories have been advanced and proven in this development. Even the two narrow streaks of clay, called the Italian Wash and Indian Creek, which crosscut the upper part of the valley (meaning little to the untrained eye), play an important part in creating the source of this immense water supply. For centuries these two little gulches have been pulling down the clay from the surrounding hills and depositing its putty-like formation, layer upon layer, along their entire course, slowly but surely building the great submerged dike or dam, sufficient in length and depth to retain the millions of inches of water that is today stored in the great subterranean lake, proven to exist above its wall. This great reservoir has existed for centuries, and will continue to exist for many more. The outcroppings of surface water, called the cienega, immediately above this dike, gave mute evidence of this impoundment and supplied the incentive for its full exploitation.

14 of the Santa Ana Valley Irrigation Co.

The finance committee's report approving bills as follows: Construction account, \$3,921.45; expense account, \$2,891.13; was read and approved and the secretary instructed to draw warrants on the proper funds for the several amounts.

The sanja committee's report was received and filed as follows:

Zanja Committee's Report

Orange, Cal., May 25, 1912.

To the Board of Directors of the S. A. V. I. Co.:

Gentlemen:—We, the sanja committee, having examined all propositions referred to us, beg to report as follows:

W. C. Waechter, for gate—Favorable.

A. Engle, to have the part of ditch N across his place piped—We ask for further time.

There are some other propositions which we ask for further time on, on account of the sickness of our superintendent.

Respectfully yours,

L. E. SMITH,

FRED ROHRS,

Zanja Committee.

On the petition of W. C. Waechter he was granted a wing at gate 10, ditch H, petitioner to pay all costs.

On motion, the president and secretary were instructed to draw a warrant in favor of M. C. Chase for \$400.00 as payment on the well contract.

On motion, the president was instructed to have a telephone put in at pump No. 1.

On motion, the president and secretary were instructed to procure vouchers for the Santa Ana Valley Irrigation Company's use.

The report of the committee appointed to investigate the value of the clerical work in the office of the Santa Ana Valley Irrigation Company was received and order filed as follows:

Special Committee's Report

Orange, Cal., May 25, 1912.

To the Board of Directors of the S. A. V. I. Co.:

Gentlemen:—We, the undersigned, your committee appointed to investigate and report upon the commercial value of the clerical duties performed

plottation. The existence of this dike was proven by placing a series of test wells along its lower or west side. No perceptible water supply was obtainable at three hundred feet in these holes, while in a corresponding string of holes directly opposite to these, but above the dike, flowing water in unlimited quantities was obtained in every case within a few feet of the surface. Many hundreds of test holes were placed over an area of five square miles, with the same result as the latter, proving conclusively that this supply is not only inexhaustible, but that it is separate and distinct from other water supplies in the valley.

Miles of submerged pipe line, with perforations on top side, to admit the percolating waters, are already in commission, conveying the flow by gravity from every direction to the Company's immense head gates, or main lines of distribution.

We wish to state to our readers, especially those who are seeking locations, that this is truly an exceptional condition for this country, and can have but one meaning, unparalleled and continued prosperity for this beautiful little valley, and a snug fortune for all who are lucky enough to secure shares in this rare offering at even double the price obtainable at this time. For further information address the San Jacinto Board of Trade, San Jacinto, Cal.

by the secretary of your board and his assistant, beg leave to report:

That we visited the City of Riverside and City of Anaheim, and examined into the clerical force, duties and salaries of the Riverside Water Company, Gage Canal Company, and Anaheim Union Water Company, who very kindly furnished us all information needed.

The Riverside Water Company has 750 stockholders. There were 160 transfers of stock last year, and no assessments made. Amount received from sale of water, \$70,000. The regular secretary receives a salary of \$1800.00 per year, and as special secretary \$300.00. Besides this, there is a bookkeeper, who receives \$1200.00; and a stenographer, who receives \$750.00 per year, making a total expense for clerical services of \$4050.00. The Gage Canal Company has 300 stockholders, two assessments of two payments each, and no sales of water, expense being borne by assessments. The secretary's salary is \$1200.00, and an assistant secretary receives \$120.00; making a total expense for clerical services of \$1320.00. The Anaheim Union Water Company has 650 stockholders, about 300 transfers per year, and levied two assessments last year. The water sales amounted to \$40,000.00. The secretary receives \$125.00 per month and has no assistant, except his sister keeps the office while he is in the directors' room keeping the minutes during the sessions of the board.

Upon a consideration of the above, and also such other information as we could gather from other sources, and in view of the peculiar, difficult and multitudinous duties of the secretary in our office necessitated by our system of stock transfers and multitude of stockholders and accounts, we are of the opinion, and so report, that we are getting our office work done for less in proportion to the amount of work than any of the other irrigation companies, afore named.

Respectfully submitted,
HARRY W. LEWIS
L. E. SMITH.

W. C. Crawford appeared before the board in reference to the condition of our pipe line on First street near the A. T. & S. F. Ry., and the question was referred to the sanja committee.

On motion, Geo. Dierker and N. Quilck were appointed a committee to get out plans and specifications and call for bids for a No. 10 pump, motors and transformers.

Adjourned.

O. E. MANSUR, Secretary.

Tomorrow is Memorial Day, and the Register force will observe the day. The paper will not be published.

MEMORIAL DAY

Each annual recurrence of that distinctive American holiday known as Memorial Day sees a diminished number of veterans taking part in the ceremonies honoring the memory of their departed comrades, but it sees a decrease in the patriotic spirit which was responsible for the institution. On the contrary, as memories of the great conflict become less personal and merge more into history, the day becomes more comprehensive, more national in character and assumes more and more sacred attributes in the hearts of the American nation.

Reverence for the memory of those who died in the service of their country has always been a characteristic of all nations in which the patriotic spirit lived, but in this country alone it has reached its highest and noblest exemplification. Memorial Day, originated by the survivors of a single army, and for many years largely confined in its celebration to members of that body, has become a national institution, in which there is no North or South, no East or West. In the setting apart of one day in which to honor those who gave life or limb in its service, the Republic not merely shows its gratitude, but proclaims to coming generations that first in the heart of the true American is love of country; that the service of that country is considered the highest and best which man can give.

Memorial Day will last so long as the nation shall live. As the years go on the differences which brought on the great sectional struggle will be forgotten, but it will be ever remembered that those who died in the contest gave all that they had, freely and gladly, in the defense of the principles which they held to be sacred, and their example will ever stand as a lesson in patriotism to succeeding generations.

BOOSTING THE SOIL

There is much food for thought by the people of Orange county in the figures compiled from the last census returns, which show that while the total population of California increased about 60 per cent during the preceding decade, the rural population increased only 34.5 per cent. This means, in other words, that the cities of the state are growing out of all proportion to the increase in country population. And the very reverse should be the case. California is preeminently an agricultural state, and is likely to remain so for years to come. It is true that manufactures are increasing, and there are many promising opportunities in that line which will not long be left untouched. But on the tilling of the soil must the state depend, in a large measure, for employment and sustenance for the ever increasing hordes seeking this favored clime as a residence place.

It is a broad statement, but one which may be readily and fully demonstrated, that in no other section of the world can a man gain a living for himself and family from so small a tract of land as in Orange county. The man who has five acres, with water, and who tills it industriously and intelligently, can not only support a family, but can lay away money for a rainy day. This fact is demonstrated, not by a long row of theoretical formulae, but by actual instances which any man who takes the trouble may observe. And there are varied crops with which this feat may be accomplished.

It is purposed to have D. W. McDannald, than whom there is no better exponent of the resources, advantages and opportunities of Orange county, give a series of lectures on those features in Santa Ana. That such a series would be of vast benefit there is no small doubt. It is probably true that only a small proportion of the residents of the county are fully qualified to speak on the opportunities which it offers to the homeseeker and the rancher. Few urban citizens, particularly, realize the diversity of crops which may be raised with a sure promise of return. A series of lectures which would create a corps of well-equipped boosters along this line would give the basis for a wide spreading of effective advertising of the county, which could but be largely and permanently beneficial.

The increase in the number of im-

proved farms in Orange county during the past decade has probably been considerably greater than the average for the state, which was 4.8 per cent. But there is room for greater growth. There is much land in the county not now under cultivation which would make good farms. And the county needs farmers. Moreover, Santa Ana and the other rapidly growing cities of the county need, for their best prosperity, a steady increase in the rural population. It is a proposition in which all sections are equally interested. A systematic, intelligent propaganda will bring the results.

COMMISSION GOVERNMENT GROWS

Riverside Press: Some figures on commission government of cities, prepared for the forthcoming issue of The International Year Book by a member of the editorial staff of Engineering News and published in that journal, show that the commission plan was in use by 206 cities at the close of the year 1911. Most of these adopted the new form of government in the last three years.

There are commission governed cities in 34 of the 48 states, the state having the largest number being Texas, which has 29, including Houston, Fort Worth, El Paso, Galveston and Austin. Kansas has 26 cities, including Kansas City, Wichita and Topeka. Oklahoma has 19, the largest being Oklahoma City. Illinois has 19, including Rock Island, Moline and Springfield. Iowa has 7, Michigan 7 and South Dakota 11.

It is interesting to note that the largest city under this form of government is a California city, Oakland, with 150,174 population in 1910. Others of more than 10,000 are Memphis, Omaha, Lowell, Mass., and Spokane, Wash.

Commission government is evidently having a fair trial and it works successfully in many of the cities in the list.

WOULD ERECT PIER AT VENICE

Builder Offers Two Per Cent of Gross Earnings of Amusement Pier to Beach City

VENICE, May 29.—A. Stutzer, who built the big reinforced concrete municipal pier at Santa Monica, has asked for the privilege of constructing a similar one at the foot of Center street.

In his application Stutzer offers to give the city two per cent of the gross earnings of the pier, which is to be strictly for the public's amusement.

The proposed structure will jut into the Pacific 1000 feet and will be 60 feet wide. Stutzer estimates the cost of the pier at \$75,000.

Wear correctly fitting glasses made by Dr. Leorch, 110 East Fourth street.

THREATEN TO CUT TELEPHONE POLES

POMONA, May 29.—The City Council yesterday afternoon notified the Pacific Telephone Company to remove its poles from the streets and alleys of Pomona within thirty days. By a recent decision of the United States Supreme Court, upholding the city in its contentions against the company, that it had no right to operate in any city without a franchise, the city is now given power to oust the company from the public streets and alleys. Since the decision was rendered, it was stated, the company had continued its local service here for two months, in violation of the court's order.

BUPORD AT SAN DIEGO WITH HUNDREDS OF REFUGEES

SAN DIEGO, May 29.—The transport Buford bearing several hundred American refugees from the west coast, anchored at the Santa Fe wharf at 12:30 today. One case of typhoid was found aboard. Forty are to be landed here. Only a few are destitute.

One hundred and sixty passengers are to be landed at San Pedro, and 163 at San Francisco. The refugees declare that the only danger to Americans in Mexico is from lawless mobs. They declare the better class of Mexicans favor American intervention.

According to Captain Ely the west coast of Mexico is in a condition of great unrest. He reported some violence done and American property destroyed and some Americans killed, but this is entirely the work of ungovernable mobs. None of the refugees aboard had been wounded, but all are scantily clad.

SUFFRAGE IN OHIO

Constitutional Convention Passes Woman Suffrage Clause by a Generous Majority

COLUMBUS, Ohio, May 29.—The voters of the state will be confronted with the question of whether women will be allowed to vote in Ohio, this being brought about by the action of the Ohio constitutional convention, which yesterday passed the woman suffrage clause by a vote of 74 to 37. Whether the measure will be placed on a separate ballot from the other constitutional amendments has not yet been decided, and the charter-makers will consider the ballot procedure.

It is provided that the people shall vote on the suffrage amendment at the regular election, instead of making it a separate issue.

PECAN TREES ARE TO BE PLANTED AT PATTERSON

PATTERSON, May 29.—To the already multitudinous products and industries of the valley, W. E. Bush promises to add still another one. The raising to pecan nuts has been experimented with and found successful, but they have not been raised in any large quantities. Now Mr. Bush is planting forty acres to pecan nuts on his Patterson land property and intends to make an effort to introduce this product in the valley. A certain kind of pecan nut, 4750, requires from fifteen to twenty years to mature, but the kind being planted by Bush requires only five or six years.

Character and Education
Editor Register:—A good character is above everything else, better than education or knowledge. Nothing can be compared with it, or counts for so much as does character, in the end.

Character consists in the possession of every virtue, truth, purity, honesty, love for country and mankind; love of God for His wonderful works and blessings, for His forgiveness for past wrong doing, and everlasting life in the future.

Contemplation of these things shows us without dispute that character comes first, and is the most important thing to be introduced into the mind of the child by his parents and teachers. This is held to be a part of education and should be so introduced in our schools. But we know of many graduates that are called educated, whose character is bad.

Education is not virtue or morality.

It is said that an educated rascal is the worst, and knowledge may be a curse as well as a blessing, it all depends upon the way it is applied. Knowledge is closely allied to and connected with power. Power under control is good, but uncontrolled will be an evil. For instance, when you can control steam, or electricity, applied to different machines it is a power for good, but when it breaks away from us destruction, misery and death follow in its train.

So knowledge gives a man who has no character power to work harm for which there is no remedy. Now do not think for a moment that I do not appreciate education. For I believe we shall make no progress (but rather go backward), unless we educate. I am interested in education and wish to throw out a few suggestions to those contemplating teaching as a life work. You are in a responsible position and should look well to that which comes first in education, i. e., character, especially among the youth and young children. Make them love you, show them you are interested in their future welfare; that you are not teaching just solely for money, or to make a shift until something else turns up. You can really do this if you feel this way. You can start them in the right way while you instruct them, and thus accomplish a great amount of good.

Having had some experience along this line, I would like to say to the persons whose place it is to hire teachers: You cannot be too careful in selecting teachers who are to take charge of the children, who are soon to take our places in life. You need to be able to read character.

EXCELLENT MEETING

Subject of Medical Temperance Brought Out Many White Ribboners Yesterday

The W. C. T. U. held a very profitable and helpful meeting yesterday afternoon at the home of Mrs. S. M. Davis, 1225 French. The parlors were all filled with women to listen to an address given by Dr. Ball. Mrs. J. N. Anderson and Mrs. E. P. Stafford had the program in charge. The subject was "Medical Temperance." Mrs. A. H. Nickell led the devotional service. Mrs. Stafford read a most excellent paper on "What is Medical Temperance." Mrs. Anderson spoke on the subject and read some articles.

After Dr. Ball arrived, he was immediately called to the floor and his address proved very helpful in many ways. The doctor's subject was "Preventive Medicine," but he touched on different phases of the after-noon's subject. He said that at the present time alcohol was not considered necessary to be used as a medicine, as there were other substitutes which have even better results. He spoke on the Owens bill, strongly urging the women to work for the adoption of that bill. The vaccination question was also well discussed. At the close of this splendid talk a rising vote of thanks was given the doctor.

As the corresponding secretary, Mrs. J. T. Hall, expects to leave Santa Ana soon, her resignation was read and accepted, with regrets. Mrs. E. P. Stafford was unanimously elected to fill the vacancy.

After some discussion concerning the adding of more names to the list of freeholders to help form a charter for Santa Ana, so that the people may have a larger choice the president, Mrs. Lea Warren, was appointed to meet the presidents of the women's clubs of the city and select names to be added to those already announced.

The announcement of the meeting of the state convention of the W. C. T. U. in San Diego, June 4-7, brought out the fact that there will be no certificate plan this year for the delegates as the special summer rates of \$3.50 will be on after June 1.

The initiative measure concerning text books was discussed, but not as fully as was thought necessary, so the measure was laid on the table till next meeting.

The next meeting will be a Father's meeting and will be held on the evening of Tuesday, June 11, at the beautiful new home of Mr. and Mrs. Walter Tedford, 1319 North Broadway.

Enthusiastic Meeting
The Woodmen of the World did business last night at Moose Hall, holding an election of officers, initiating candidates, and to top all their strenuous labor, rounding the evening off with a "good feed." This lodge is planning good sessions every week now, instead of just once-in-a-while affairs and no member can afford to be absent.

The officers elected last night are as follows:
Past Counselor Commander—W. O. Codling.
Counselor Commander—John F. McElree.
Advisor Lieutenant—Alva Hayes.
Banker—J. D. Phillips.
Clerk—W. G. Gould.
Physician—Mrs. Ball and Burlew.
Escort—C. S. Nance.
Watchman—W. M. Davis.
Sentry—Vinton Mohn.
New Manager—A. J. Padgham.
Captain of Team—O. C. Overman.

Orange County Conservatory of Music
If you have not yet been through the Conservatory, Monday and Friday evenings of next week will afford you a good opportunity to see our headquarters.

The general public is cordially invited to come and spend an informal evening with us. We wish you to come closer in touch with our work and aims and, if you are a patron, we wish to become better acquainted in order that we may serve you better. Remember the dates.

SUCCESSFUL EVENT

Benjamin Concert Attracted a Large Audience Which Proved an Appreciative One

The concert given last night at the First Baptist church by William Augustus Benjamin, director of the choir of that church, was heard by a large and representative audience. Mr. Benjamin was assisted by Percy K. Lusk, the well known organist of the church, and by the members of the choir. Mr. Benjamin's own numbers were of particular interest, as he is comparatively a new singer in Santa Ana.

He opened his program with a sweet little love song, "So Dear a Dream," that warmed up his voice and put him in touch with his audience. Tosti's familiar and well beloved "Good-bye," was the next offering, followed by a request number, "When You and I Were Young, Maggie,"

whose touching refrain has been dear to the hearts of two generations. The old ballad was sung sympathetically by Mr. Benjamin, his enunciation bringing out every word of the touching ballad, greatly to the pleasure of the audience. Indeed, Mr. Benjamin is especially strong on enunciation, an essential part of successful singing that is too often ignored by vocalists, both amateur and professional.

Mr. Benjamin's other numbers included Trautman's "Die Dämmerung" (Richard Strauss), La donna e Mobile, from Verdi's Rigoletto; Lohengrin's Abschied (Wagner); Tosti's "When You and I Were Young, Maggie," and a trio of light numbers, "The Rose Tree," "Ojala," by Margaret Ruthven Lang, and an Old English song, "Young Richard," with an encore number, "Ghosts," another of the little songs of Margaret Ruthven Lang. Of these, the Rigoletto number was the most brilliantly sung. The singer displayed the best qualities of his voice in this artistically rendered composition, the vigorous passages eliciting sonority and power, while the lighter phrases were sung with grace and flexibility. This number aroused real enthusiasm and won an encore.

The Lang numbers, "Ojala" and "Ghosts" were beautifully interpreted, the tenderness of the former being especially well developed by the singer. "Young Richard," the Old English ballad, was the most popular number offered by Mr. Benjamin, the rollicking little ditty with its absurd refrain, catching the fancy of the audience to such an extent that its repetition was demanded. All together Mr. Benjamin may feel well satisfied with the reception he met last evening.

Assisting the vocalist were Mr. Percy K. Lusk, whose greeting by his hearers was evidence that he is a favorite musician. He opened his numbers with the Overture to Flo-tow's Martha, winning an instant encore by his spirited and intelligent playing. But Mr. Lusk is at his best in the mere gentle compositions. His playing of Le Cygne (Saint Saens) and Dura's Chaconne were particularly admirable. The haunting melody of Le Cygne with its soft murmur of accompaniment was played with intuitive understanding as well as with splendid technique. Chaconne was perhaps as well if not better done, but was not itself so pleasing as Le Cygne. Gullman's First Sonata afforded Mr. Lusk an opportunity to display versatility in expression and mastery of mechanical effects. It made a splendid finale for a pleasing concert.

This resume would be incomplete without a complimentary reference to the work of the choir in its quota of two well known and popular choruses: "O Hush Thee My Baby," by Sir Arthur Sullivan, and the Waltz Chorus, "Carmena," by H. Lane Wilson. The voices were well balanced, and familiarity with the work was evident in the excellent way in which the numbers were given under the direction of Mr. Benjamin, and with the fine support given by Mr. Lusk in his accompaniments.

Happy Surprise Party
Mr. and Mrs. Harry Spencer plotted pleasantly yesterday against the teachers of San Joaquin school, Misses Laura Sheets and Elva Uttley. They had them "kidnaped" by two good looking young men and taken on a long automobile ride, while the Spencers arranged a little surprise party. When the young ladies returned, they found the Spencer house glowing with flowers.

Want All D. of V.'s to Attend
The Daughters of Veterans request all Daughters of Veterans whether belonging to any tent or not, to meet with them at G. A. R. Hall tomorrow afternoon at 1:30 o'clock sharp, and march in a body to the Grand Opera House, where memorial services will be held.

All Daughters of Veterans going to the cemetery, are requested to meet at G. A. R. monument upon arriving there.

Entertained Classmates
Yesterday was Douglas McPhee's birthday and the event was honored by his mother, Mrs. Horace McPhee, inviting sixteen of his classmates at Lincoln school to come after school hours and help celebrate the event. Games were played on the lawn at the McPhee home on French street and in the French street park. Later refreshments of ice cream, cake and grape juice were served, the guests all making a wish as they blew out the candles on the pretty birthday cake. Many gifts were received by which to remember the happy day.

Mrs. Gertrude Finley, master Douglas' teacher, was the honored guest and Mrs. McPhee was assisted by Misses Isabel Anderson, Helen Remberg and Claire McPhee.

LECTURE THURSDAY
Miss Ethel Whitehead of Los Angeles, will deliver the "Every Thursday evening" lecture at the K. of P. Hall, 306½ East Fourth street, Thursday evening, May 30, at 8:00 p. m., on the subject of "Socialism and Private Property."

ers, and their respective parents waiting to greet them.

Then a six course chicken dinner was served at a table adorned with pink roses, and festoons of pink reaching from the ceiling to the corners of the table. The pink color scheme was carried through the Dragon ices and cakes. The place cards bore designs of pretty maidens with suit cases on which were marked the names of famous cities, such as El Toro and Anaheim.

Covers were laid for the host and hostesses, Misses Sheets and Uttley, Messrs. and Mesdames Uttley and Sheets, Messrs. I. C. Jenkins, W. R. Dross.

The young ladies have taught two years at San Joaquin and will be greatly missed.

Personals

Mr. and Mrs. J. E. Killian of El Monte, were here yesterday as the guests of Mr. and Mrs. G. R. West. They motored down in their big machine, and while here took the Wests and Mrs. Steele for a delightful auto ride out Tustin and Hewes Hill way.

Mrs. W. A. Huff, Mrs. R. E. Dickinson, Mrs. Parke Roper and Miss Florence Mullinix were among those seen boarding an early Los Angeles car this morning.

Mrs. V. A. Cramer returned to her home in Los Angeles last evening, after spending several days in Santa Ana looking after business interests and visiting with old friends.

Dr. H. E. W. Barnes, Dr. J. R. Medlock and J. P. Hatzfeld went to Los Angeles this morning to be witnesses in the Carpenter case which is being held in Los Angeles.

Miss Grace Parker returned to Los Angeles late this evening after a five days' visit to her mother, Mrs. Ella Parker, and other relatives in Santa Ana. Miss Parker is in the training school of the California Hospital.

Percival Garratt and W. A. Benjamin were Los Angeles visitors today.

Mrs. C. H. Nelson went to Los Angeles this morning. She is planning to spend the summer in Kentucky, leaving here the latter part of June.

Mrs. M. H. Thompson came down from Los Angeles last evening and will stay until Sunday at the Lyon home on Bush street.

Mrs. Nellie Young boarded a beach car this morning.

Mr. and Mrs. W. D. Lantz were Newport Beach visitors today.

District Attorney L. A. West had business which took him to Los Angeles this forenoon.

Mrs. A. D. Tolle was a visitor to the Angel City today.

Mr. and Mrs. Clarence White left this morning for Mr. White's vacation. They will go first to visit Mrs. J. J. Mathews of Colton, who is Mrs. White's sister, and from there they will go on to Hesperia to visit Mrs. White's mother, Mrs. John Kuebler. Mr. White is the foreman at Gowen & Willard's packing house.

Miss Emily Heath of Vinton, Iowa, returned to Los Angeles this afternoon after spending the week at the C. L. Tibbetts home on West Fourth street. Miss Heath intends leaving for her home in the east the first of June.

Funeral Notice
The funeral of Mrs. Kieffhaber will be held at her late residence at Ocean View Friday, May 31, 1912, at 10:30 a. m.

MARIE ALICE PERRIN

AMUSEMENTS

Marie Alice Perrin, humorist, elocutionist and linguist, who has won fame on the Orpheum, Sullivan-Con-

condine and Keith and Proctor circuits throughout the United States and Europe with her monologue, "Seath the Shadow of Shasta," will be at the Grand Opera House on Saturday, June 1st. Miss Perrin is conceded to be the greatest American lady humorist of the day, her charming personality, well modulated voice and her wonderful collection of California views makes this number a very unusual one. Particular attention has been given by Miss Perrin to Southern California, and Santa Ana receives its share in her selection of our state's glory places. Miss Perrin has told over ten million of people of the beauties and resources of our city, and returns here after an absence of four years to secure more recent photographs showing the development which has taken place.

Cardinal Gibbons of Baltimore said Miss Perrin is a wonderful woman. She helps everyone and hurts no one. All should hear her and see her pictures.

On Saturday afternoon a special program for the school children and students will be given. The local Chamber of Commerce and school boards have endorsed her work and consider it of great educational value as well as being an interesting form of entertainment. The travel talk will start at San Diego and wander north through the state of Washington.

SEVERAL HUNDRED FLY TRAPS SOLD
The death of flies campaign is moving along at a great speed. Almost 300 small traps have been installed, 100 on Main street.

Bergman & Obarr, the Dragon and Horton & Spurgeon have installed large traps.

CONFEDERATE GRAVES ARE TO BE DECORATED
Monday, June 3, is Confederate Decoration Day, and graves of former soldiers of the Confederacy are to be strewn with flowers by members of Camp Hi Bledsoe. Those having flowers are requested to have them at the cemetery by 10 o'clock Monday morning.

Special Meetings
Rev. Herbert P. Espy of Beaumont, will preach in the United Presbyterian church this evening at 7:30. Rev. Albert Flick of Los Angeles will occupy the pulpit tomorrow evening at same hour. These are special meetings preceding the observance of the Sabbath morning worship, which service closes the exercises connected with the dedication of the new church.

RED MEN, ATTENTION
—All members of Osage Tribe, No. 166, are urgently requested to be at our wigwam Wednesday evening, May 29th, at 7:30. Sojourning chiefs are cordially invited to be present. Monster class adoption. By order of Sachem. F. G. JOHNSON, C. F. R.

Closing out large wall paper stock at Chandler's, 510-516 North Main. All grades, at greatly reduced prices.

Santa Ana Painless Dentists. 102½ East Fourth St. Main 255

Decorating Day at the Bell
Knowing that tomorrow (Thursday) is the one day of all the year that is generally set aside to observe the decoration of the resting places of our heroes who shed their blood and gave up their precious lives that we may enjoy the freedom and pleasures and rights that are ours today, and feeling that all should have at least a part of a day to do honor to such Manager Roberts, of the Bell, has decided to have no matinee Decoration Day, as his force of help are human, and have feelings, as most mortals have. Tonight, at the Bell, will be a big night in town, and Thursday and Friday nights you will have a grand treat, for you in the amusement line. The Col. Mack Co., well they outdo Mutt and Jeff in comedy. They are worth seeing. A big bill at the Bell for Thursday and Friday nights.

FUNERAL NOTICE
The funeral of Mrs. Kieffhaber will be held at her late residence at Ocean View Friday, May 31, 1912, at 10:30 a. m.

War Declared On Flies

Health Officer Dr. J. I. Clark urges every housewife to install one or more of our fly traps.

Flies have a cup-like foot and those cups carry the disease germs into your homes and distribute them over your food. You eat the food. We have been promised some very valuable information from Doctors Robertson and Clark concerning the fly. These traps can be obtained from

Yours truly,

EDISON J. MARTIN.

With W. G. Emmett, 308 East Fourth.
Price 25c.

Hill's Corner

Everything indicates that PLUMBING GOODS have "struck bottom"—never before has Bath Tubs been so cheap as now and all other articles in the plumbing line is now at the lowest price ever recorded.

We have a full stock and our men know how to put the several articles "where they will do the most good." We are prepared to Estimate the Cost and do the work anywhere in ORANGE COUNTY.

We are making irrigating pipe six days every week and find it barely possible to supply the demand.

Our stock of hardware is the most nearly complete of anything in this end of the state.

GOLDEN WEDDING DAY OF THE HILLS

Gifts and Flowers and Kindly Wishes Showered on Mr. and Mrs. S. Hill

Today was celebrated the golden wedding day of Mr. and Mrs. Samuel Hill, and at their home at 1208 North Main street, the more than 70-years young bride and bridegroom have been receiving testimonials of affection and good will in the form of gifts and flowers, congratulations by telegram, letters, postals and word of mouth.
The groom, 75 years old, is one of Santa Ana's leading citizens in business and in civic spirit. He is hale and hearty. His wife, Mrs. Lizzie Leavitt Hill, 73 years old, is a woman of delicate health, but cheerful in spirit and alive to the interests of life.
One of the congratulatory telegrams conveyed the good wishes of a cousin, Mrs. Eliza Westworth of Gray, Maine, who rounded out 100 years last December.

A letter voiced the hearty congratulations of old friends of Blue Rapids, Kansas, where the Hills resided after leaving Sals, Maine, where they were married. From Blue Rapids, Mr. and Mrs. Hill came to Santa Ana 26 years ago. Appended to the letter from the Blue Rapids people was a poem written by Mr. Joseph Lewis Eldridge of Topeka, Kansas, who is 34 years old. With heartfelt congratulations to Mr. and Mrs. Hill, the Register publishes the poem in full. It follows below:
(In honor of Mr. and Mrs. Hill's Fiftieth Wedding Anniversary.)
Should anniversaries be forgot,
And weddings brought to mind?
We'll honor our beloved Hills
And pleasure from it find.

We will not forget the couple dear
Who, fifty years today,
Just took their hearts in early love,
Then threw the key away.

We will not forget the lock was strong,
No foe its bolts could break,
Nor envious, malignant tongues
The least impression make.

Shall we forget the lock so worn
Is just as good as new
To brave life's dark and stormy sea
And cheer its passage through?

Shall we forget this magic lock
To loving couples given?
'Tis unsurpassed by ties of earth.
'Twas made, 'tis said, in Heaven.

Shall we forget, these fifty years;
Compared—how strange they seem
To us, whose labors are performed
By magic aid of steam.

We will not forget to thank our God.
He gave to man the power
To have the labors of a week
Accomplished in an hour.

Should anniversaries be forgot,
The Hills brought to mind?
All join this harmless jovial song
And leave your cares behind.
—Joseph Lewis Eldridge.
Topeka, Kansas, May 29, 1912.

O'er Hill and Dell
—This is the time of year every body has thoughts of green hills and flowered plain. The way to enjoy them is to have a good comfortable automobile, "one that can take them and back." If you own an "imperial" you can go and have one round of pleasure, as you are safe to get back. This auto takes to the hills or desert sand like a native born to either. Heavy work for the engine causes no water spout from the radiator. The water keeps as cool as the "Chaffeur." The springs on our car are more comfortable than the cool mountain springs on a hot day when the fish refuse bait. Everything about this car is so constructed that in any of the minor accidents that can occur an amateur could remedy in short order and continue his journey. If you want to take a trip and are in the market for an automobile call and see Thelan at the Guarantee Garage, Second and Bush streets, Santa Ana.

ESTRAY NOTICE
I have taken up one large white horse, weight 1250 pounds, one long hoof, about 18 years old. Said estray is now at my place on Walnut street, one-quarter of a mile south of Anaheim.
L. W. HOEL, Anaheim, Calif.

Saving Increases One's self-respect

It encourages a sense of independence, always dear to the heart of right-thinking people.

It makes for personal development, too, along lines of responsible citizenship, and every thrifty man or woman with a bank account is just so much more valuable to the community than would be the case otherwise.

Most important, however is the safeguard which a bank account affords the future.

Open one tomorrow.

LOS ANGELES PRODUCE MARKET

Beef prices dropped from 1/4 to 1/8 cents at the local packing-houses yesterday. It followed a slight reduction in live stock a short time ago and is due to better drop conditions locally and elsewhere.

The first carload shipments of cantaloupes of the season will arrive Thursday from Imperial Valley. Cantaloupes yesterday moved steadily. Receipts were light but corresponded with the demand. The melons arriving grade up to fancy, but the prices are yet too high to attract the general trade.

However, this week is scheduled to see a change in the situation. The arrival of the car from Imperial will be followed with a large shipment from Lower California. Present prices cannot be sustained beyond Friday or Saturday according to advance advice to the market.

The steamer Jason, due Thursday, will have a carload of cantaloupes, watermelons, sweet potatoes and chili from Eureka, Lower California. About half of the cargo will be distributed here and the remainder taken to San Francisco. In the cargo are 5000 watermelons, three carloads of sweet potatoes, 200 crates of cantaloupes and a big consignment of chili.

Cherries advanced from 7 and 8 cents to 9 and 10 cents on the street, and to 8 and 9 cents on the exchange. Good cherries were scarce. About 1300 boxes arrived from the North, but the fruit had been damaged by rains, arriving here dead ripe and split.

Apples were more plentiful. About 100 box cars arrived. Prices were higher, being as low as 6 cents a pound and as high as 15 cents.

Black figs came from Mexico, receipts amounting to fifty six-pound boxes. This was the third shipment from Mexico. The fruit sold at 83 a box.

The market generally was well supplied with green vegetables. Asparagus was limited both in supply and demand. Peas were rather scarce, prices remaining steady. A few sweet potatoes were on hand.

With new chili now reaching the market, and advice of a large shipment from Mexico, canned evaporated and strings to be weak on the produce exchange, but the quotation held at 13 1/2 to 13 cents. Summer squash declined to 50 and 75 cents a box, and green chili to 35 cents a pound.

With the exception of butter, receipts of the principal produce staples were light. Eggs, 38 cents; butter, 57.50 cents; cheese, 771 pounds; potatoes, 215 sacks.

STATE ROADS PROGRESSING

Highway Engineer Predicts
2000 Miles of State Road
to be Made by 1915

SACRAMENTO, May 29.—State Highway Engineer Austin B. Fletcher yesterday announced that by 1915 there will be completed approximately 2000 miles of state highways in California, including the main state highway, connecting with the boundaries of Oregon and Arizona and Mexico, and the laterals, connecting the counties and county seats east and west from the main highways.

Fletcher also announced that by the first of January, 1913, there will be between 200 and 300 miles of grading completed in the several sections of the state for the highway system.

Travelers' Picnic
The Travel Section Number One of the Ebell spent a delightful day yesterday at Silverado Canyon, where they ate their lunch before going on to the tin mine. Later the party came back as far as the Orange County Park and had supper beneath the big trees. The trip was made by automobiles.

The following are the members and their husbands who enjoyed the day: Mr. and Mrs. J. W. Bishop, Mr. and Mrs. George S. Smith, Mr. and Mrs. E. B. Smith, Mr. and Mrs. C. S. Kendall, Miss Young, Mr. and Mrs. L. J. Carden, Mr. and Mrs. L. L. Shaw, Mrs. H. R. Bristol, Mr. and Mrs. J. J. Roper, Mr. and Mrs. Arthur Ames, Mr. and Mrs. H. C. Dawes.

Would any price take those old daguerreotypes of dear ones, taken long ago? Posterity will cherish yours, too. Think about it. There is a photographer here. See Hickox.

CASE NAMED AS PRESIDENT

Southern California Sugar Co.
Reduces Number of Directors to Seven

Stockholders of the Southern California Sugar Company held their annual meeting yesterday for the purpose of electing a board of directors to serve during the ensuing year. It was decided to reduce the number of directors from nine to seven, and the following were chosen: R. J. Blee, J. A. Turner, F. P. Nickey, F. H. Case, H. S. Gordon, Dr. J. M. Raugh and H. W. Hinze.

This morning the new board held its first meeting and elected Gen. F. H. Case president, F. P. Nickey vice president, C. A. Riggs secretary, and Dr. Raugh treasurer.

Reports made to the stockholders' meeting showed the company to be in excellent financial condition and the prospects good for the coming season.

BUTTONS FOR ROAD FUND
REDLANDS, May 29.—Steps are being taken to sell buttons to raise funds for the National Highway in Redlands. The Chamber of Commerce committee that has been in charge of the Redlands end of the matter, has decided on this method and will select the date soon for the sale, giving one day to the work. It is expected that the Redlands subscription to the fund will be large, notwithstanding \$1500 already has been raised and is being spent in building a new road through the Whitewater narrows, so that the proposed route of the highway to this section will be passable.

COMMISSION IN PARIS
Panama-Pacific Fair Boosters Are in Paris—Are Guests at Feast by Commerce Minister

PARIS, May 29.—The Panama Pacific Exposition Commissioners, under the leadership of John Hays Hammond, arrived here yesterday morning from Rome. They were later taken by Myron T. Herrick, United States ambassador, and Robert Woods Bliss, secretary of the embassy, to the foreign office, where they were presented to Premier Raymond Hoincare.

A luncheon was given in their honor by the minister of commerce, Fernand Davis.

**BAUWARAERTS FOUND
GUILTY OF MURDER**

RIVERSIDE, Cal., May 29.—Frank Bauwaraerts, a Belgian, who was charged with the murder of Mrs. Harriet Guyot of Portland, was found guilty by the jury yesterday. He will be sentenced to death by Judge Denmore on Saturday. Bauwaraerts is charged with the murder of Mrs. Guyot and Miss Julia Francois at their Chukawalla mountain claim on March 17. He was arrested on information furnished by M. E. Putman, a prospector, who tramped thirty miles across the desert to a telegraph station.

CAPTAIN ROSTRON HONORED WITH LOVING CUP GIFT

NEW YORK, May 29.—A delegation of Federation women boarded the liner Carpathia when she docked and attempted to honorize Captain Rostrom, rescuer of the Titanic survivors. Rostrom fled to the cabin. The women followed him and presented him with a three-foot silver loving cup and each member of the crew and stokers with medals commemorating the rescue. They forced Rostrom to make a speech. He declared he did not feel his duty, and that the same credit belonged to the crew.

Wonders Have Changed
The seven wonders of the ancient world were the walls of Babylon, the Statue of Zeus by Phidias at Olympia, the Hanging Gardens of Babylon, the Colossus of Rhodes, the Pyramids of Egypt, the Mausoleum of Halicarnassus and the Temple of Artemis at Ephesus.

Solid wonders, these—stone and metal that the eye could gaze at, the hand could touch, towering four square to heaven—wonders because of size and weight. Most of them were built for the pride of monarchs at enormous cost of slave life, and served no end save that of inspiring awe and amaze in the beholder.

What are the Seven Wonders of the World today, according to the Cornell professors?
Wireless, synthetic chemistry, radium, anti-toxins, aeroplanes, the Panama canal and the telephone.
Most of them are agents of mediums without substance—these modern "wonders," few of them impressive save for what they do; none of them, with the exception of the Panama canal, itself representing enormous cost! All of them were found or begun by seekers after scientific truth and progress. And each and every one is designed to be a constant, active help to man in his every day life.

Monuments have yielded to means and methods in man's estimate of the "wonders" he has made.—New York World.

Watch Chain of Royal Hair
The London museum has just received from Queen Alexandra a number of articles that belonged to King Edward. Among them is a watch chain which he used to wear, made of Queen Alexandra's hair. To the chain, which is studded with diamonds, is attached this inscription: "Watch chain of Her Majesty Queen Alexandra's own hair, and given by her to King Edward VII in 1894."

Furniture Luxuries For The Little Ones

FULTON COLLAPSIBLE GO-CARTS

We make a specialty of the Fulton Go-Cart, which you can take with you wherever you go without the slightest inconvenience. It fits an ordinary suit case and is easily folded with one hand to space 27 inches long and 15 inches wide and 4 1/2 inches high.

THE PERFECTION OF BABY VEHICLE CONSTRUCTION. FOLDS EASILY INTO A SMALL, NEAT PACKAGE, CONVENIENT FOR CARRYING ON CARS OR IN AUTOMOBILE

It is comfortable and easy riding because of good sized elastic springs under both seat and back which absorb the jolts and jars—the new reclining back is well padded and adjustable for sitting or lying—and stays where it is put.

The brake on the rear wheel is instantly set with a touch of the foot and protects baby from accident.

The frame is of steel, strong and well braced. The wheels are large and rubber-tired and cannot wobble, so rigidly are the axles braced.

This cart cannot tip backwards and let the child slide out on its head.

The Fulton Go-Cart is constructed on beautiful lines—graceful—with a refined individuality all of its own. The finish is enamel, with heavily plated nickel trimmings, highly polished. Upholstered in long-life leatherette.

FULTON GO-CARTS COMBINE STYLE, COMFORT, CONVENIENCE AND DURABILITY.

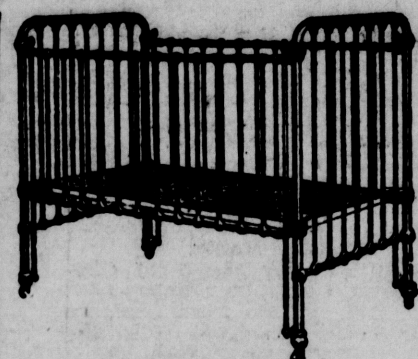

Prices Range From \$6.00 to \$16.00
New Line of Child's Cribs

This Spring finds us with the nicest line of Cribs ever shown in Santa Ana. Pretty in design, dainty in finish, strongly made of malleable iron and steel yet light in weight, these cribs have every desirable quality.

These cribs have the convenient drop sides, and are finished in white and gold bronze, each are provided with springs that are guaranteed for 20 years.

CRIBS RANGE IN PRICE FROM

\$5.50 to \$11.00

DECIDED TO ADD NAMES

That there should be additional nominations made for the board of freeholders was a decision at a meeting of the W. C. T. U. yesterday afternoon at the home of Mrs. S. M. Davis.

The matter was talked over thoroughly by the women who were present, and a decision to take immediate steps to secure the nominations was reached, with the result that the presidents of the four women's clubs were named as a committee to look the matter up thoroughly this morning and report at a meeting to be held by them this afternoon at 2:30 o'clock.

On the committee are: Mrs. A. J. Crookshank, president of the Ebell Society; Mrs. Len Warren, president of the W. C. T. U.; Mrs. W. B. Tedford, president of the Women's Civic Club, and Mrs. Frank Ey, president of the Woman's Club.

Closing out large wall paper stock at Chandler's, 510-516 North Main. All grades, at greatly reduced prices.

A Real Handy Tree
Did you ever hear of a thread and needle tree? It is rather a handy tree to have growing in the back yard, don't you think? Especially when there are boys in the house with buttons coming off about every other minute.

This strange tree grows in nearly all tropical countries and in some places nearer home where the climate is warm. It gets its name by which we know it from the curious formation of its leaves. At the tip of the leaf there is a sharp thorn, which is the needle. If you grasp it firmly and pull it out, there you are with a needle already threaded for your sewing. This fiber thread is very strong and the Mexicans use it for weaving a coarse kind of cloth as well as for sewing.

Ben's Bright Idea
"Children," said the mother of the family, opening the door of the nursery and looking in, "what are you doing to Puggy that makes him yelp so?"

"Ben's been using the curling tongs on his tail to make it curl tighter," explained Eunice.

Cat and a Comma
John—Say, James, what is the difference between a cat and a comma?
James—I give it up.
John—A cat has claws at the end of its paws, and the comma has the pause at the end of the clause! See?
